## Principal's Report

Dear School Community,

I wanted to use the Principals report as an opportunity to say well done to all involved in the organisation of this week's 'Wellbeing Week', which involved social skills lessons for students, R U OK day activities and even staff wellbeing initiatives like free coffee in the morning, made and served by our students. It has been an important week to raise awareness of wellbeing, as you would have received an email from the school on Wednesday 9 September about the distressing video circulating on social media platforms. I would like to remind you that it remains a good idea to keep your children off social media for now. Also, if your child is at risk or experiencing emotional distress, or you are worried, please contact one of the following services:

2020 has certainly presented many challenges and this has added stress to everyone's mental and emotional health. In saying this, I have been impressed by our students and parent's resilience and adaptability during these times, as well as our staff member's ability to go above and beyond to support our students.

On a different note, well done to the SRC for organising Jersey Day on Friday 4 September, students and staff were on board with the initiative and it raised awareness and important funds for organ and tissue donation.

Lastly, I would like to congratulate Mr Angus Glynne on becoming our new permanent Head Teacher of PDHPE. We are lucky to have Angus as a permanent member of our executive team.

Kind regards,  
Vince O'Donnell  
Acting Principal

# How to make a 'No Sew' mask!

With Miss Bell's Year 8 Technology Kickstarter students!

Firsty we created our tie dye shibori designs:

Tying and banding, indigo dyeing, washing and drying our first calico mask layer.

Next we folded in the filter layer, made from polypropylene shopping bags, acting as an antibacterial and waterproof breathable layer!

We then folded the mask into thirds to enclose the filter.

Slide 2 hair ties over the folded mask to act as the ear bands, and tuck the open fabric ends into one another.

You can use any bandana or thin scarf to re-create this at home as long as you have a filter in place, and remember: wash and reuse after every use!
